**RE: Support for SFA funding of qualifications**

Dear Carina,

We confirm that our VTCT centre appears on the SFA Register of Training Organisations and our centre number is 257/003. My colleague and I have reviewed the qualification below:

600/1647/4 VTCT Level 1 Diploma in Beauty Therapy (QCF)

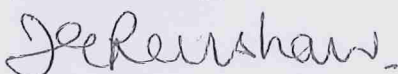

We confirm that this qualification is suitable for progression to the level 2 qualification in beauty therapy available at this college. The specific qualification which learners can progress to from the VTCT qualification mentioned above is 500/9039/2 VTCT Level 2 Diploma in Beauty Specialist Techniques.

The VTCT 600/1647/4 Level 1 Diploma in Beauty Therapy (QCF) qualification supports progression to the 500/9039/2 VTCT Level 2 Diploma in Beauty Specialist Techniques (QCF) qualification offered at Grwp Llandrillo Menai – Coleg Meirion-Dwyfor, in a number of ways. The learners are taught a wide range of beauty therapy treatments, which they practise before undertaking practical assessments. The skills attained during the VTCT Level 1 Diploma in Beauty Therapy (QCF) course, are built on and developed during the VTCT Level 2 Diploma in Beauty Specialist Techniques (QCF) course. The learners learn and develop customer service skills when treating clients.

When the learners progress onto the VTCT Level 2 Diploma in Beauty Specialist Techniques (QCF) course, they are able to treat clients confidently whilst learning new beauty therapy treatments and skills. After achieving the Level 1 Diploma in Beauty Therapy (QCF) qualification and the VTCT Level 2 Diploma in Beauty Specialist Techniques (QCF) qualification, the learners are professional, knowledgeable and confident in giving beauty therapy treatments.

We consent to VTCT publishing this letter of support.

Yours sincerely,

Jill Renshaw  
Beauty Therapy Lecturer
