3<sup>rd</sup> March 2015

Dear Mr Barnes,

**Re: Support for the VTCT Level 2 Diploma in Sports Studies (QCF) (600/8632/4)**

I am writing to support the VTCT Level 2 Diploma in Sports Studies (QCF) which is a fit for purpose qualification that sufficiently prepares learners to progress to further sports related qualifications at Level 3.

Specifically, we are planning to run the VTCT Level 3 Diploma in Preventing Injuries in Sport and Active Leisure (QCF) from September 2015. Having reviewed the VTCT Level 2 Diploma in Sports Studies (QCF), we are confident that learners will develop their knowledge and understanding across the breadth of sport, but essentially in those areas that underpin our Level 3 qualification such as anatomy and physiology, psychology and planning and leading activities.

I have reviewed the units and confirm that the content is sufficient in preparing learners to study sport at Level 3.

The VTCT Level 2 Diploma in Sports Studies (QCF) will satisfy our entry requirements for the VTCT Level 3 Diploma in Preventing Injuries in Sport and Active Leisure (QCF), although this will be in parallel to a successful application and interview.

Yours sincerely,

Tammy Lennon
