# About VTCT

VTCT is a market-leading Awarding & Assessment Organisation offering vocational and technical qualifications in a range of 'services to people' sectors.

Combined, VTCT & ITEC have over 2,000 approved centres in over 40 countries across the world. Offering smarter support for brighter futures, with award-winning resources including: ManageAssess, Pivot Point, Smart End Point Assessment (SEPA) and Cengage.

The qualifications suite offered by VTCT & ITEC spans a range of sectors including hairdressing and barbering, beauty therapy, complementary therapy, sport, active health and fitness, business, retail, and learning and development.

For more information visit us at [www.vtct.org.uk](http://www.vtct.org.uk), or contact our dedicated Customer Support Team via email; [customersupport@vtct.org.uk](mailto:customersupport@vtct.org.uk) or call +44 (0)23 8068 4500.

# 1. Qualification at a glance

<b>Qualification title</b>	VTCT Level 2 Certificate in Instructing Group Circuit Training
<b>Qualification number</b>	603/3873/8
<b>Product code</b>	SP2C9
<b>First registration date</b>	1 <sup>st</sup> December 2018
<b>Age range</b>	16-18, 19+
<b>Total Qualification Time (TQT)</b>	243
<b>Guided Learning (GL) hours</b>	157
<b>Assessment</b>	To be awarded this qualification, learners must successfully achieve the following assessments: <ul style="list-style-type: none"><li>• External theory examination</li><li>• Practical observations</li><li>• Portfolio of evidence</li></ul>
<b>Grading</b>	Pass/Fail
<b>Entry requirements</b>	Learners who wish to undertake this qualification must also achieve the VTCT (ITEC) Level 2 Award in Infection Prevention (COVID-19) for Sport and Fitness Sessions qualification or a regulated equivalent.
<b>Qualification endorsement</b>	<p>This qualification is fully endorsed by the Chartered Institute for the Management of Sport and Physical Activity (CIMSPA).</p>  <p>The logo features a shield with a crown on top, followed by the text 'CIMSPA' in large blue letters, 'Endorsed' in smaller blue letters below it, and a vertical line to the right of 'Professional Standards' in large blue letters.</p>

## 2. About this qualification

### 2.1. Who is this qualification for?

The VTCT Level 2 Certificate in Instructing Group Circuit Training is an Occupational Qualification aimed at learners aged 16+ who are either in a full-time Level 2 education programme or a part time programme at a college or with a private training provider and wish to pursue a career within the fitness industry as a group circuit training instructor. The qualification is based on the Chartered Institute for the Management of Sport and Physical Activity (CIMSPA) professional standards for group exercise instructor.

### 2.2. What are professional standards?

A professional standard is a framework which defines the knowledge, skills and behaviours required to perform certain tasks relating to a job role. These standards will gradually be embedded into qualifications by Awarding Organisations to replace the current qualifications that are underpinned by National Occupational Standards (NOS). Within the sport sector these standards are employer led and facilitated by CIMSPA. The CIMSPA professional standards outline the knowledge and skills required to underpin the occupations and job roles within the sport and physical activity sector.

### 2.3. What does this qualification cover?

The qualification includes all the required elements to work effectively as a group circuit trainer. Learners must achieve all mandatory units which include:

- Anatomy and physiology for exercise and fitness professionals
- Professional practice for exercise and fitness professionals
- Exercise, fitness and lifestyle consultation and management
- Planning and instructing group circuit training

Throughout this qualification, learners will develop their knowledge and understanding of relevant anatomy and physiology. They will also develop the knowledge, understanding and skills to pre-screen clients and check their readiness to exercise and follow health and safety practices in a health and fitness environment. Learners will develop the knowledge and skills to plan group circuit training sessions. They will learn how to design and structure group circuit training sessions to train different components of fitness. In parallel, learners will develop their communication and customer service skills, their awareness of environmental sustainability and their commercial skills, all of which are valued highly by employers. Problem solving, team working skills and research skills will also be developed.

### 2.4. What could this qualification lead to?

This qualification is fully endorsed by the Chartered Institute for the Management of Sport and Physical Activity (CIMSPA). Learners who achieve this qualification are eligible to become a fitness instructor and register to become a member of the chartered institute for the management of sport and physical activity (CIMSPA). As a fitness instructor, learners could progress directly into employment in a variety of contexts, which include:

- Commercial gyms
- Public leisure centres
- Private health and fitness clubs
- Armed forces
- HM prison service
- Cruise liners

Whilst the primary purpose of this qualification is to prepare learners for employment, learners may choose to develop their knowledge and skills further by completing additional qualifications at level 3 in the following areas:

- Gym instruction
- Personal training
- Exercise referral
- Physical activity programmes for antenatal and postnatal clients

---

## 3. Qualification structure

To be awarded the Level 2 Certificate in Instructing Group Circuit Training, learners must achieve all mandatory units.

The minimum TQT required to achieve this qualification is 243.

Product code	Unit title	Level	GL	Unit reference number
<b>Mandatory units</b>				
USP182	Anatomy and physiology for exercise and fitness professionals	2	40	A/617/2590
USP183	Professional practice for exercise and fitness professionals	2	28	F/617/2591
USP184	Exercise, fitness and lifestyle consultation and management	3	50	J/617/2592
USP191	Planning and instructing group circuit training	2	39	K/617/3556

---

## 4. Guidance on assessment

### 4.1. Internal assessors

This qualification is assessed and quality assured by centre staff. Work will be set to improve practical skills, knowledge and understanding. For practical elements, learners will be observed by internal assessors. All work must be collected in a portfolio of evidence and cross-referenced to requirements listed in the unit specifications.

For information on the roles, responsibilities, authorities and accountabilities of assessors refer to VTCT's Centre Handbook, which can be downloaded from the VTCT website.

### 4.2. Internal quality assurers (IQAs)

Centres must have an IQA to ensure assessment decisions are consistently applied between assessors and that learner work is to the required standard. Each assessor's work must be checked and confirmed by the IQA. Assessment decisions must be standardised to ensure that all learners' work has been assessed to the same standard and is fair, valid and reliable.

Evidence of internal quality assurance must be recorded, retained and made available for the external quality assurer (EQA).

For information on the roles, responsibilities, authorities and accountabilities of IQAs, and internal quality assurance more generally, refer to VTCT's Centre Handbook, which can be downloaded from the VTCT website.

### 4.3. External quality assurance (EQA)

An external quality assurer, appointed by VTCT, will visit the centre to sample and quality-check assessments, the internal quality assurance process and the evidence gathered. Between visits EQAs are available to offer advice and guidance on any aspect of quality assurance via telephone or email; additional quality assurance visits can be arranged.

Random sampling is arranged between the centre and the EQA. The EQA will choose a sample of named learners to cover a variety of skills, knowledge, units and assessors. Through the sampling process the EQA will seek to assure that all assessment decisions made at the centre are consistent, fair, valid, and reliable. The EQA will also seek to confirm that all assessments conducted meet national standards.

### 4.4. Total Qualification Time (TQT)

TQT is defined under the Ofqual General Conditions of Recognition, General Condition J1.8, as the number of notional hours which represents an estimate of the total amount of time that could reasonably be expected to be required in order for a learner to achieve and demonstrate achievement of the level of attainment necessary for the award of a qualification.

TQT is comprised of the following two elements:

- the number of hours which an awarding organisation has assigned to a qualification for Guided Learning, and
- an estimate of the number of hours a learner will reasonably be likely to spend in preparation, study or any other form of participation in education or training, including assessment, which takes place as directed – but, unlike Guided Learning, not under the immediate guidance or supervision of – a lecturer, supervisor, tutor or other appropriate provider of education or training.

---

## 5. Assessment

### 5.1. Summary of assessment methods

This qualification comprises internal and external assessments. Learners must achieve the assessments detailed in the table below.

Mandatory units	External	Internal	
		Practical observations	Portfolio of evidence
Unit product code	Theory examination		
USP182	✓		
USP183		✓	✓
USP184	✓	✓	
USP191		✓	✓

### 5.2. External assessment

#### 5.2.1. Theory examination

The theory examination will be set and marked by VTCT. The theory exam will consist of multiple choice questions. Questions will vary year on year and will cover all learning outcomes within those units that are externally examined.

Examinations must be undertaken by learners under controlled examination conditions in accordance with policies and procedures for external assessment.

#### 5.2.2. Retaking external examinations

Learners who fail to achieve the required Pass mark are permitted to re-sit after having sufficient teaching and additional study time. There is no limit to the number of retakes a learner can carry out. External examinations will be subject to rotation by VTCT. Re-sits are subject to charges as stated in the 'VTCT Service Fees'.

#### 5.2.3. Reasonable adjustments and special considerations

A reasonable adjustment is an adjustment made to an assessment for a qualification that is approved or set in place before an assessment activity takes place; it constitutes an arrangement to give the learner access to the qualification.

Information on the reasonable adjustments and special considerations allowed for the external examinations within this qualification can be found in the document library on the Linx2Exchange section of the VTCT website.

## 5.3. Internal assessment

### 5.3.1. Practical observation

Learners must carry out practical observations which must be observed and marked by internal assessors. Assessors will observe the performance of practical tasks and must judge a learner's performance against specified assessment criteria stated in the unit specifications. The assessor will sign off an outcome when all the criteria have been completely achieved.

The practical assessment must take place in a real or realistic working environment on a real or realistic client.

Practical assessments should be administered towards the end of the period of learning when learners are suitably prepared for assessment. Centres may determine the precise timing of practical assessments to suit local needs. Where evidence is not naturally occurring during practical observations, supplementary evidence may be used where specified within the unit specifications.

### 5.3.2. Portfolio of evidence

As part of this qualification, learners are required to produce a portfolio of evidence which contains assessed evidence covering all the assessment criteria and range (where appropriate) in each unit specification, these can be found on the VTCT website. A portfolio of evidence will confirm the knowledge, understanding and skills the learner must achieve.

The portfolio of evidence will be marked pass or fail by the centre lecturer/internal assessor and sampled by the EQA.

Evidence in the portfolio may take the following forms (this list is not exhaustive):

- Observed work
- Witness statements
- Written questions
- Professional discussion
- Assignments
- Case studies
- Client consultations

All evidence should be documented in the portfolio and cross-referenced to unit outcomes. Oral questions and professional discussions should be recorded and only used for assessments outlined in specific unit specifications.

### 5.3.3. Authentication of learner work

The units in this qualification require evidence to be produced for assessment under direct supervision and controlled conditions, some units require learners to produce evidence without supervision.

Where this is the case, centres must be confident that learners' work is authentic. In such cases, learners must complete a Declaration of Authenticity to confirm that the work produced is their own. This must be countersigned by an assessor. A Declaration of Authenticity form is available to download from the VTCT website.

Centres must ensure that all learner evidence is available to the EQA.

The authentication of learner evidence is the responsibility of the centre.

## 5.4 Support and guidance

Unit specifications and logbooks are available to support qualification delivery and assessment.

For more information, visit the VTCT website [www.vtct.org.uk](http://www.vtct.org.uk).

---

## 6. Unit structure

Units are available as separate specifications and can be downloaded from the VTCT website. Units that make up this qualification are structured as follows:

<b>Product code</b>	The code allocated by the awarding organisation. This should be used when communicating directly with the awarding organisation.
<b>Title</b>	Reflects the content of the unit.
<b>Unit reference number</b>	This is the unit reference number as detailed on Ofqual's Register of Regulated Qualifications.
<b>Level</b>	This represents the level of achievement. The National Qualifications Framework level descriptors and similar qualifications at this level inform the allocation of the unit level.
<b>Guided Learning (GL) hours</b>	All units have GL assigned to them. This is the time a learner spends: <ul style="list-style-type: none"><li>• being taught or given instruction by a lecturer, tutor, supervisor or other appropriate provider of education or training.</li></ul>
<b>Overview</b>	Provides a summary of what learners will cover in a unit, and outlines the knowledge, understanding and skills to be developed.
<b>Learning outcomes</b>	Specify what a learner will know, understand and be able to do as a result of completing a unit.
<b>Assessment criteria</b>	Assessment criteria specify the minimum standard required by the learner to achieve the relevant grade. Learners must provide sufficient and valid evidence to achieve the grade.
<b>Taught content</b>	Provides the basis for the teaching, learning and assessment of each learning outcome. Teachers and tutors should ensure that the full breadth of unit content is delivered.
<b>Assessment requirements</b>	Details the assessments that must be completed and achieved to be awarded a unit. For more information on assessment methods see Section 6 of this specification.
