UBT211M_v1

Treatment portfolio

Learners must:

Produce a treatment portfolio that includes evidence of practical treatments carried out with proficiency. The treatment portfolio is an evidence requirement which must be completed prior to learners undertaking the practical assessment and graded synoptic assessment. VTCT specifies the treatments to be carried out and evidenced in the portfolio.

The treatment portfolio can be used as a confirmatory and formative assessment to prepare learners for the practical and synoptic assessments. The purpose of this portfolio is to evaluate learner performance and use the information gathered to shape and improve the learners' performance in preparation for summative assessments.

Centres should consider the use of formative self and peer assessment as part of the learning journey. Whilst treatment portfolios are not graded, they may be sampled by the EQA.

Treatment portfolio

The treatment portfolio should contain evidence that learners have:

Performed a minimum of 3	Portfolio reference
Express facial treatments	
Used all products	Portfolio reference
Eye make-up remover	
Cleansing lotions, milks, creams, foams, oils or gels	
Skin toners, fresheners, astringents or tonics	
Moisturising creams	
Eye creams or gels	
Neck creams	
Serums	
Exfoliating products	
Masks, setting and non-setting	
Used all equipment	Portfolio reference
Chair/couch	
Containers for water, etc.	
Mirror	
Trolley or stand for resources and products	

Used all resources	Portfolio reference
Disinfecting fluid for tools	
Couch roll	
Towels	
Tissues	
Cotton wool	
Tipped orangewood sticks	
Cotton buds	
Spatulas	
Sponges	
Treated all skin types and conditions	Portfolio reference
Oily	
Dry	
Combination	
Young	
Dehydrated	
Mature	
Sensitive	
Worked on all treatment areas	Portfolio reference
Face and neck	
Décolleté and shoulders	
Given all types of advice	Portfolio reference
Aftercare	
Possible contra-actions	
Post-treatment restrictions	
Additional retail products and services

Graded practical assessment

All practical mandatory units are graded. Employers have identified mandatory units as those which contain the primary practical skills and higher order cognitive skills required for employment.

- At the **Pass grade**, the key theme is proficient technical skills and safe performance, which will meet the minimum industry standards of practice.
- At the **Merit grade**, the emphasis is on excellent technical skills and techniques, organisational skills or communication skills, where these skills are deemed to be of seminal importance to employers, in a particular context.
- At the **Distinction grade**, where a finished product is an output of the practical activity, mastery of professional techniques, demonstrated via product evidence, is always an essential component of the criteria, as are higher order cognitive skills such as an ability to reflect upon and evaluate one's own performance and to justify the methods and techniques chosen.

The grading model used is analytical, non-compensatory and hurdle based.

Learners must:

LO3 - Be able to prepare for express facial treatments

LO4 - Be able to provide express facial treatments

Learners must carry out a complete treatment which will be observed, marked and graded by centre assessors. The grade achieved in the graded practical assessment will be the grade awarded for the unit. The graded practical assessment must take place in a real or realistic working environment on a real client.

At a minimum the graded practical assessment for this unit must cover:

Treatment	<ul style="list-style-type: none">• One express facial treatment to include cleanse, exfoliation, mask, tone, moisturise
Equipment	<ul style="list-style-type: none">• Couch, trolley, stool, towels, magnifying lamp
Products	<ul style="list-style-type: none">• Appropriate cleanser, toner moisturiser, massage medium, and mask – either setting or non-setting
Resources	<ul style="list-style-type: none">• Disinfecting fluid for equipment, couch roll, tissues, towels, cotton wool, tipped orangewood sticks or cotton buds, spatulas

For detailed information on the graded practical assessment you must refer to the section 6.5.1 of the Qualification Specification.

Graded practical assessment

Learners must meet all Pass Criteria to achieve a pass grade.

Pass Criteria	✓
LO3 Be able to prepare for express facial treatments	
P1 - Prepare and check the work area, equipment and products prior to the express facial treatment	<input type="radio"/>
P2 - Agree the treatment and check for contra-indications	<input type="radio"/>
P3 - Explain the treatment procedure to the client	<input type="radio"/>
P4 - Instruct the client on how to prepare for the express facial treatment	<input type="radio"/>
LO4 Be able to provide express facial treatments	
P5 - Prepare the client and their skin for treatment	<input type="radio"/>
P6 - Select the equipment and products to achieve the desired results	<input type="radio"/>
P7 - In line with manufacturer's instructions, carry out express facial techniques	<input type="radio"/>
P8 - Provide suitable aftercare advice	<input type="radio"/>
P9 - Update and maintain the client treatment records	<input type="radio"/>
P10 - Prepare the area for the next treatment	<input type="radio"/>

Learners must meet all Pass Criteria and all Merit Criteria to achieve a merit grade.

Merit Criteria	✓
M1 - Adjust communication techniques to meet the client's needs	<input type="radio"/>
M2 - Use techniques to promote the retail of products or additional services	<input type="radio"/>
M3 - Display organisation skills by using tidy, efficient working methods	<input type="radio"/>

Learners must meet all Pass Criteria, all Merit Criteria and all Distinction Criteria to achieve a distinction grade.

Distinction Criteria	✓
D1 - Explain their choice of products, tools and equipment used during the express facial treatment	<input type="radio"/>
D2 - Review the effectiveness of the express facial and make suggestions for improvement	<input type="radio"/>

Grade achieved	Pass	Merit	Distinction
