Clipper maintenance

Learner name:

Learner number:

A/507/5623

UHB152X_v2

Service portfolio

Learners must:

Produce a service portfolio that includes evidence of practical assessments carried out with proficiency. The service portfolio is an evidence requirement which must be completed prior to learners undertaking the practical assessment. VTCT specifies the assessments to be carried out and evidenced in the portfolio.

The service portfolio can be used as a confirmatory and formative assessment to prepare learners for the practical assessments. The purpose of this portfolio is to evaluate learner performance and use the information gathered to shape and improve the learner's performance in preparation for summative assessments.

Centres should consider the use of formative self and peer assessment as part of the learning journey. Whilst service portfolios are not graded, they may be sampled by the EQA.

Service portfolio

The service portfolio should contain evidence that learners have:

Completed a service record showing what maintenance has been carried out on the clippers	Portfolio reference
Planned next maintenance	
Electrical equipment testing (P.A.T. testing)	
Completed a record of	Portfolio reference
The oil and lubricants used	
Completed a record of	Portfolio reference
Cleaning products used	
Used products, tools and techniques suitable for cleaning and lubricating clippers	Portfolio reference
Small cleaning brush	
Screwdriver	
Cleaning product e.g. isopropyl, an alcohol based cleaning product	
Oil/lubricants

Feedback - Please use this space if required

A large, empty rectangular box with a thin black border, intended for providing feedback.

Summative practical assessment

Learners must:

LO4 - Be able to prepare for clipper maintenance

LO5 - Be able to carry out clipper maintenance

Learners must carry out a complete maintenance service which will be observed and marked by centre assessors. Learners must achieve all assessment criteria in order to pass and achieve the unit. The practical assessment must take place in a real or realistic working environment on a real client.

At a minimum the summative practical assessment for this unit must cover:

Maintenance service	<ul style="list-style-type: none">• One set of clippers to be maintained using professional techniques and performed within an appropriate time
Products, tools and equipment	<ul style="list-style-type: none">• Appropriate cleaning and lubrication of products, brushes, screwdriver

Practical assessment

In order to pass this unit, learners must achieve all pass criteria.

Pass Criteria	✓
LO4 Be able to prepare for clipper maintenance	
P6 - Prepare and check the area, products, tools and equipment prior to the service	<input type="radio"/>
LO5 Be able to carry out clipper maintenance	
P7 - Select products, tools and equipment to carry out clipper maintenance	<input type="radio"/>
P8 - Use safe and hygienic working methods throughout the service	<input type="radio"/>
P9 - Use products, tools and equipment to maintain clippers	<input type="radio"/>
P10 - Use a combination of techniques to achieve clipper maintenance	<input type="radio"/>
